Pediatric Occupational Therapist Cris Rowan presented
***"Harnessing Energy"* workshop** on May 7, 2012
for teachers and OT's in Vancouver, BC

What did the participants have to say?

	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
The workshop objectives were met		**100%**			
The workshop was well organized	**50%**	**50%**			
The workshop was just the right length		**50%**	**50%**		
The instructor was well informed	**50%**	**50%**			
The workshop materials were useful	**50%**	**50%**			
The workshop objectives were achieved	**50%**	**50%**			

What was the most valuable thing you learned in the workshop?

- Referring to how the teacher can be a filter to modulate class energy.
- How to get kids to learn where they are on scale and decide which strategy to use.

Was there anything not covered in the workshop that you felt should have been?

- No
- No

How could this workshop have been better or more helpful?

- More time on 1) Tactile Sensation; 2) Vestibular Sensation; 3 Proprioceptive Sensation—videos, photo pictures, etc.

Would you recommend this workshop to others? If not, why not?

- Unsure—difficulty putting together – inter-relating.
- Yes.

Any other comments?

- So many factors/influences—need to be simplified—unsure how to improve this.
- Looking forward to present this to behavior team at our district.

Analysis: apparent difficulty understanding concepts of tactile/vestib/proprioception, and wants simplification.

Action: will simplify to touch/movement, and save more complexity till workshop #5 Why Can’t Children Sit Still.
