

Do It Yourself Workshop Package

With Paediatric Occupational Therapist and Sensory Integration Specialist
Cris Rowan, BScBi, BScOT

An opportunity to host your own workshop, make money and receive discounted kits.
 Why not partner with a community organization to promote healthy children?

Sensory Integration and <i>Zone'in</i> – 3 hrs	Fine Motor Development and <i>Move'in</i> – 3 hrs	Combined Workshops 6 hrs	Combined Workshops with School Assembly
\$750	\$750	\$1250	\$1500
<p>Receive an overview of Sensory Integration (SI) theory, the negative impact of technology on sensory system development, and how Sensory Processing Disorder (SPD) impacts on children's attention and behavior. Provides participants with an understanding of their own energy body, thus enabling optimal transfer of these learning concepts to children. Participants receive the SI Observation and Strategy Checklist tool, loads of practical techniques, and an introduction to the new <i>Zone'in</i> Program.</p>	<p>Receive an overview of Fine Motor Development (FMD) theory, the negative impact of technology on motor system development, and how fine motor dysfunction impacts on children's ability to read and write. Participants will be able to assess and provide specific interventions in the 13 essential components of FMD to improve children's reading and printing. Participants receive the FM Observation and Strategy Checklist tool, loads of practical techniques, and an introduction to the new <i>Move'in</i> Program.</p>	<p>Both <i>Zone'in</i> and <i>Move'in</i> workshops will be provided in one full day.</p> <p style="text-align: center;">Savings \$250!</p>	<p>The school assembly helps children understand the concept of "body learning", and if their body energy is charged or zoned out, learning is hard. Children become responsible for their own energy, and will also hear about the detrimental effects of TV and videogame (TVVG) use on their ability to learn, as well as explore ways to reduce TVVG use.</p> <p>This assembly will be followed by <i>Zone'in</i> and <i>Move'in</i> teacher workshops.</p>
		<p>Workshops Plus <i>Zone'in</i> and <i>Move'in</i> School Kits</p> <p style="text-align: center;">\$1800</p>	
		<p>Savings \$500!</p>	

Additional Travel Fees may be applicable.

Professional Credentials and Experience

Cris Rowan has a BSc in Occupational Therapy and a BSc in Biology, graduating in 1989 from UBC and is a member in good standing with the College of Occupational Therapists, certified in Sensory Integration and is an approved therapist with Autism Community Training. Over the past 10 years, Cris has been specializing in paediatric rehabilitation, working with School District No. 46 on the Sunshine Coast. Cris has also performed over 100 workshops on Sensory Integration, Learning and Attention and Fine Motor Development for teachers parents, and professionals throughout BC and Alberta. Previous conference presentations were at BC's Cross Currents Special Education Conference in 2000, '01, '02, '07 and Alberta's Celebrating the Challenges Special Education Conferences 2003, '04, '05, '06, '07. Cris also chairs the BCSOT Pediatric Special Interest Group.
