Pediatric Occupational Therapist Cris Rowan presented  
**“A Cracked Foundation” workshop** on February 19, 2013  
for health and education professionals in **Vancouver, BC**

## *What did the participants have to say?*

	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
The workshop objectives were clearly stated	65%	35%			
The workshop was well organized	80%	20%			
The workshop was just the right length	65%	35%			
The instructor was well informed	100%				
The workshop materials were useful	80%	20%			
The workshop objectives were achieved	65%	35%			

What was the most valuable thing you learned in the workshop?

- The stats re: tech use etc, etc, etc
- Attention, focus, goal as parents, caregivers – really needs to be on creating, nurturing, attachment for prevention and/or solution or correction of undesirable behaviors.
- I will definitely take back to my team the idea of treating every child with behavior problems as though they also had attachment issues.
- Reconfirmed what I believe to be problematic issues for our kids today.

Was there anything not covered in the workshop that you felt should have been?

- No.

How could this workshop have been better or more helpful?

Would you recommend this workshop to others? If not, why not?

- Yes! Very important message and encouragement for attachment to improve children's behaviors, and promote and support children's success.
- Yes!

Any other comments?

- Short time for discussion should be allocated into structure.

Analysis: allow time for assimilation of content through discussion.

Action: allow more time for discussion.
