Would you recommend this workshop to others? If not, why not?

- Yes – “Motion is the key to learning” Dennison.
- Yes – Very informative. Opens up a whole new way of thinking and teaching.
- Yes – because it was practical.
- YES
- Definitely. I really believe students need to be metacognitive about their energy levels and need tools to help themselves.
- Yes – because it’s great!
- Yes – because I’ve learned a lot and have seen it work in classrooms with some students!
- Yes – very pertinent to the kids here.
- Yes – A great way to look at the kids.
- Yes – enjoyed the new ideas.
- Most definitely – would have liked to have presented to parents.
- Yes – I liked the presentation of specific strategies that we can use in our calssrooms. Practical info, not just theory.

Any other comments?

- Great info on printing. I plead guilty. Action tomorrow!
- Come back again!
- Even though some of it was repetitive from the last time I took this workshop, I learned more the second time around.

- I was very impressed with all the information and suggestions – very relevant to our student population!
- It was a great workshop! I've learned a lot about Autism and ADHD.
- Workshop was interesting and easy to understand.
- I would like to attend a presentation that was aimed at the seniors.
- Would have enjoyed more focus on teaching kids to print.
- Overload, but good stuff!
- A wealth of information! Wonderful ideas!
- Would like to have more hands on time one-on-one with children.
